

Bob

As discussed yesterday, I'm sending you some information that can be used for developing the website along with my organizations' info.

Belle+ for AT&T - Brochures and Images:

Managing Partner
Personal Living Alert

fabiana.PLAlert@gmail.com

Updated information:

The Belle and Bell+ are made in China under the supervision of our engineering team based at our corporate headquarters in Ogden, UT.

All of the rest of our Company.. administration, sales, service, tech support, quality control, shipping, monitoring and dispatching are ALL done in the U.S. ..

Bob

Just received the attached from a vendor - how can it be incorporated into the project you are working on?

Here is the link to the drop box folder: <https://www.dropbox.com/sh/pjanqkm7i15l0qb/AAAI-Yt-Qvhz6dig-RRUOvKgUa?dl=0>

.

Here are some websites you might want to look at when developing mine.

greatcall.com

medicalalert.com

alert-1.com

lifealert.com

lifestation.com

medicalalertsystems.com - provides content that might be of interest

lifeline.philips.com

For more content you can look at medacheck.com/blog
